GOVERNMENT OF BENGAL.

Revenue Department.

(Land Revenue.)

RESOLUTION—No. 6414-L.R.

Calcutta, the 2nd April 1938.

Resolution on the question of appointment of a Commission to examine the existing land revenue system of Bengal.

The Government of Bengal have already taken steps to redress some of the most urgent grievances of agricultural tenants by introducing a Bill [The Bengal Tenancy (Amendment) Bill, 1937] which has been passed, with some modifications by the Legislative Assembly and which is now before the Legislative Council. Government recognise, however, that a considerable body of public opinion is in favour of a more radical reform of the whole land revenue system, but there is no unanimity as regards the nature of the changes which should be made.

Moreover, any radical change in the very complicated system of land tenure in Bengal would affect very many interests and would have serious repercussions on the economic and social structure of the Province. After the most anxious consideration the Government of Bengal have, therefore, decided as a necessary preliminary to any further measures of reform to appoint a Commission to review the whole of the existing system and to make recommendations as to the lines on which future legislation should proceed.

The work which the Commission will be authorised to undertake will include the following and may be added to if necessary:—

Generally, to examine the existing land revenue system of Bengal in its various aspects, with special reference to the Permanent Settlement; to estimate the effect of the system on the economic and social structure of Bengal, and its influence on the revenues and administrative machinery of the Provincial Government; to appraise the advantages and disadvantages of the existing system, and to advise what modifications, if any, can and should be made, and in what manner, and in what stages they should be effected? In particular, to examine the following questions:—

(1) To what extent are the underlying principles of the Permanent Settlement of value to the social and economic structure of Bengal? Have those principles been defeated by the commercialization of cultivating rights in land and, if so, to what extent would it be possible and expedient to reassert them by revising the process of commercialization?

(2) Comparing permanently settled estates with temporarily settled estates and Government estates, and comparing also the general level of rents in other Provinces and the economic condition of cultivators in Bengal with their condition in other Provinces, what is the case for adjusting the general level of rents of agricultural land in Bengal in one direction or another?

(3) How has the existing machinery for fixing fair and equitable rents in Government and temporarily settled estates in Bengal worked and how can it be improved? Are there adequate grounds for setting up an organisation for fixing fair rents for cultivators throughout the Province at regular intervals? On what principles should the fixing of fair rents proceed? Is a general fixing of fair rents possible without a radical alteration of the existing land revenue system?

(4) Would it be financially and economically sound to fix the rents of cultivators in perpetuity?

(5) Is it practicable and advisable for Government to acquire all the superior interests in agricultural land so as to bring the actual cultivators into the position of tenants holding directly under Government? If so, what would be the probable cost of such an operation, how long would it be likely to take, and what would be its probable consequences on the economic, financial, administrative, and social structure of the Province? Would it be practicable to maintain the actual cultivators in the position of direct tenants of Government and, if so, by what method and what would be the implications of such a proposal?

(6) How far has subinfeudation among landlords and raiyats affected their economic position as holders of land and to what extent can such position be improved by restrictions on subinfeudation?

(7) To what extent can the credit value of holdings be raised and the borrowing facilities of cultivators improved by reducing the fragmentation of proprietary interest in holdings and by the maintenance of reliable records of title?

(8) Does the existing procedure in Civil and Revenue Courts for realisation of rents operate efficiently and without undue hardship to tenants? What are the defects of the existing procedure, and what measures should be taken to remedy those defects?

With regard to the composition of the Commission it has been decided that it should be non-political and representative of various interests likely to be affected and that it should include technical experts of the highest standing together with an independent Chairman.

At the request of his Ministers His Excellency the Governor has been able, through the good offices of the Secretary of State, to secure as Chairman of the Commission, the services of Sir Francis Floud, K.C.B., K.C.M.G., the High Commissioner in Canada for His Majesty's Government in the United Kingdom and formerly Permanent Secretary of the Ministry of Agriculture, Chairman of the Board of Customs and Excise, and Permanent Secretary of the Ministry of Labour.

The Secretary of State for Dominion Affairs has agreed to release Sir Francis Floud for this purpose and he will therefore resign his post as High Commissioner in Canada and retire from the United Kingdom Civil Service next September in order to take up the Chairmanship of the Commission.

The collection and arrangement of materials for this Commission have been going on steadily for some months, and it is Government's intention formally to constitute the Commission at an early date.

By the order of the Governor,

O. M. MARTIN,

Secretary to the Government of Bengal.

B. RAHMAN,
Inspector of Schools, Rajshahi Division.

Medical College, Calcutta, 1938.

Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(*1*) *Civil pupils' class.*—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(*2*) *Military pupils' class.*—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (*a*) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(*b*) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(*a*) Students from other provinces for which places are reserved should apply to the Inspector-General, Civil Hospitals, of those provinces for admission within such dates as that officer may prescribe.

(*b*) The candidates from Indian States will be nominated by the States themselves.

(*c*) Students from the Dacca University area will be selected as follows:—

(*i*) Three students will be selected by the Dacca University, and

(*ii*) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

Other provinces and Indian States including 1 from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5
Muhammadans	21
Others	60

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(*a*) Besides the students nominated by the Indian States under rule 5 (*b*), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (*c*).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (*a*) cannot be filled again by those authorities during the year.

(*b*) Five seats shall be reserved annually for nomination by the Surgeon-General provided the candidates possess the necessary physical qualifications and at least a 2nd class pass certificate of the I.Sc. examination of the Calcutta University with the subjects mentioned in rule 2 or of an examination recognised as equivalent to it. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (*c*).

(*c*) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(*d*) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by the majority of votes of the members of the medical profession on the Selection Committee.

(*e*) Any candidate who has—

(*i*) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,

(*ii*) personally canvassed any member of the Selection Committee or on whose behalf anyone else has canvassed any such member,

(*iii*) produced any letter of recommendation other than certificates from teachers or testimonials from persons under whom he has actually been employed,

shall be held to be disqualified for admission into the Medical College.

7. Of the total number of candidates nominated by the Selection Committee at least one-fourth should be Muhammadans, if a suitable number of qualified candidates belonging to that community can be obtained.

8. Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the rolls:—

	Rs.
Admission fee	25
Fees for summer term	100
Athletic Club fees	4
Caution money for Laboratory Practice ...	10
Total ...	139

(*a*) A student who without leave absents himself from the College or his hostel for more than one month, shall be removed from the rolls of the College, if the College Council so recommend. No refund of fees paid can be claimed in such cases.

Fees other than caution money once paid cannot be refunded except to those whose claim for refund is tenable under rule 17. The levy, accounting and disposal of caution money will be governed by the rules prescribed under Government order No. 1689Medl., dated the 24th May 1932.

9. Forms of application for admission will be issued from the 15th April and received up to the 25th May every year.

10. Failed students must apply for admission and pay the fees within the date prescribed by the Principal, otherwise their claim will lapse.

11. All civil students admitted after 1925-26 will pay Rs. 200 in two instalments, viz., Rs. 100 for the summer term and Rs. 100 for the winter term. They must also pay the annual Athletic Club fee of Rs. 4 (with the exception of female students) and any caution money due for attendance at practical classes along with the fees for their summer term. Fees once paid cannot be refunded except those whose claim for the refund is tenable under rule 17.

12. The fees for each term are to be paid in one instalment. The fees for the summer term are due (except from new students) on the 15th June and those for the winter term on the 1st November and must be paid together with athletic club fees, on those dates or on such later dates as the Principal may direct, after which a daily fine of annas four will be levied along with the fees on each defaulter. The names of students whose fees are more than 30 days overdue will be removed from the rolls of the college.

(*a*) A student detailed to hospital duty who overstays the authorised vacation leave without the permission of the Principal will be liable to pay a fine of Rs. 2 only for each day of overstay.

13. A student kept back in, or referred back to the class in which he was previously studying on account of his failure to appear at or pass any examination prescribed for promotion to the next higher class, will pay Rs. 50 each term until he passes the examination in question, after which he will pay fees on the full scale laid down in rule 11.

14. The fee for certificates issued to civil students leaving the college before completing their study shall be Rs. 40 for each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

[In calculating the sum to be paid under this rule the amount of college fees paid by the student (or in the case of a student enjoying a stipendiary scholarship and free tuition the amount of which would have been paid by him had he been a paying student) shall be deducted.]

15. Students who fail to appear at or to pass the Final M. B. Examination shall immediately on readmission after failure, pay fees each term at the rate of Rs. 25 for each of the subjects in which they are to appear at the subsequent examination.

16. The fee for post-graduate students undergoing a course of training in the Pathological, Bacteriological, Physiological or Chemical Laboratory is Rs. 90 for a period not exceeding six months.

17. Students who hold scholarships awarded by the Government of Bengal or Government scholarships awarded by the Board of Intermediate and Secondary Education, Dacca, and all holders of Mohsin Stipend irrespective of the authority granting such stipend are not required to pay the annual fee of Rs. 200 for the year in which they hold such scholarships if they are natives of Bengal or if their parents are domiciled in Bengal. All holders of other scholarships, whether granted by other Local Governments, Local Bodies or the Dufferin Fund, shall pay the same fees as Civil Students.

When any motion is under discussion, any member may move "that the question be now put," and unless it appears to the Speaker that the request is an abuse of these rules or an infringement of the rights of reasonable debate or of the rights of the opposition, the question "that the question be now put" shall be put forthwith without debate thereon. If such motion be carried, the question shall be put accordingly, provided that the Speaker may, unless the time, if any, allotted to the original motion is thereby exceeded, permit the mover of such motion to exercise such right of reply as may be provided in these rules.

(*3*) If the Speaker is of opinion that a resolution is or may be one which cannot be moved save with the consent of the Governor, he shall, as soon as may be after the receipt of the notice of the resolution, forward to the Governor a copy thereof and, unless the Governor (whose decision in the matter shall be final) decides in his discretion that the resolution may be moved, it shall not be entered in the list of business.

(*4*) Notwithstanding the fact that the speaker has made no reference under sub-rule (*3*), if the Governor acting in his discretion considers that any resolution or part of a resolution is one which cannot be moved without his consent he may withhold his consent to the moving of the resolution and, on communication to the Speaker of his decision which shall be final, the resolution shall not be entered in the list of business or, if it has been so entered, the Speaker shall not allow the resolution to be moved.

Provided that not more than one resolution shall be given such precedence in any one session of the Assembly.

(*2*) If more than one such requisition is received in respect of any one day, and the consent required by sub-rule (*1*) is obtained thereto, a special ballot shall be held in such manner as the Speaker may direct to determine which of the resolutions specified in such requisitions shall be given precedence on that day.

(*3*) A resolution shall not have precedence under this standing order on any day unless the Minister concerned has received at least six days' notice, and the members at least twenty-four hours' notice, from the Secretary, that the resolution will be given precedence on that day :

Provided that, with the consent of the Speaker six days' notice shall not be necessary if the Minister agrees to accept shorter notice.

THE BENGAL PUBLIC DEMANDS RECOVERY (AMENDMENT) BILL, 1937.

A

BILL

to amend the law relating to the recovery of Public Demands in Bengal.

WHEREAS it is expedient to amend the law relating to the recovery of public demands in Bengal;

It is hereby enacted as follows:—

1. (*1*) This Act may be called "The Bengal Public Demands Recovery (Amendment) Act of 1937."

(*2*) It shall come into force from the date of its final publication in the *Calcutta Gazette*.

(*3*) It extends to the whole of Bengal.

2. The words and phrases used in this Act will bear the same meanings as are expressed in the Bengal Public Demands Recovery Act of 1913.

3. In section 3, sub-section 6 of the Act, after the word "schedule I" the words "Excepting arrear rent" shall be inserted.

4. The whole of sub-sections 3 and 4 of section 20 of the Act shall be omitted.

5. The whole of section 60 of the Act shall be omitted.

6. Section 61 shall be omitted.

7. Section 62 of the Act shall be omitted.

8. Section 63 of the Act shall be omitted.

9. Section 64 shall be omitted.

10. In article 7 of schedule 1 of the Act after the words "Any demand" the words "Excepting arrear rent" shall be inserted.

11. The article 8 of schedule 1 of the Act shall be omitted.

12. Article 47(*3*) of schedule 2 shall be omitted.

13. The proviso with sub-provisos (*a*) and (*b*) of article 48 of schedule 2 of the Act shall be omitted.

14. Articles 62 to 65 of schedule 2 of the Act shall be omitted.

15. The whole of article 67 of schedule 2 of the Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Since the passing of the Bengal Act III of 1913 other laws relating to the realisation of rent have considerably been changed or amended. The object of the Act is the speedy realisation of public demands and as rent in some cases falls within that category, it was considered expedient to supersede the general laws, for realising rents, which were a little bit dilatory, by the summary certificate procedure prescribed by the Act. But now ample provisions are made in the Bengal Tenancy Act itself for suing the defaulting tenants after every kist is over, and for expediting the disposal of the suits and execution proceedings in rent courts. Besides the publication of the High Court Rules and Circular Orders has revolutionised the procedure in Civil Courts which have practically been brought at par with the certificate courts in the matter of disposal.

So realising rents by certificates has become obsolete and unnecessary. On the other hand all summary procedures generally cause extreme hardship to their victims specially in financial matters.

Hence, it is time to remove this drawback in the laws to save the poor tenants from untold misery by excluding rent from the public demands.

Resolution on the Report on the Administration of the Excise Department in the Province of Bengal for the year 1936-37.

GOVERNMENT OF BENGAL.

Forest and Excise Department.

Excise.

Calcutta, the 29th March 1938.

RESOLUTION—No. 6173Ex.

Read—

Report on the Administration of the Excise Department in the Province of Bengal for the year 1936-37.

Mr. D. MacPherson, I.C.S., remained in administrative charge of the department from the 1st April 1936 to 4th May 1936 and again from the 4th December 1936 to 31st March 1937. Mr. A. S. Larkin, I.C.S., held charge for the remaining period. Mr. A. K. Basu worked as the Collector of Excise, Calcutta, and was in charge of the Excise Intelligence Bureau from the 1st April 1936 to 15th November 1936 and was succeeded by Mr. G. D. Hoskins, M.B.E. Rai Bahadur Tarakeswar Bhattacharyya, Deputy Commissioner, was in charge of the distilleries and warehouses in addition to the matches, sugar and tobacco branches.

2. There was no change in the administration of the Excise Department during the year and the system of "fixed fee" settlements was continued for the licensing of country spirit, foreign liquor and drug shops, and in Western Bengal for pachwai shops. Shops for the sale of tari, and in most districts of the province for the sale of pachwai, were settled by auction. The policy of settlement of excise shops with Bhadralok and of restricted supply of excisable articles was maintained during the year.

3. As in the previous year the Excise Licensing Boards in the districts, and the Excise Advisory Committee in Darjeeling continued to function satisfactorily.

4. The Central Detective Department started experimentally in 1933 to combat the spread of illicit practices, chiefly illicit distillation, continued to function, and the field of its activities was extended during the year with very considerable success.

Government notice with satisfaction that the Customs and Police co-operated with the excise staff on all occasions.

5. The total excise revenue increased from Rs. 1,34,87,819 to Rs. 1,37,58,199, *i.e.*, by 0·55 per cent. The increase is reported to be due to improvement in trade and industry, particularly in the second half of the year, and to the intensive campaign against illicit trade. The incidence of excise revenue per head of population was annas 4-5 pies against annas 4-3½ pies in the preceding year.

The total number of licenses for the retail sale of country spirit was 891 against 899 in the previous year. Revenue under this head increased by Rs. 4,52,607. The increase in consumption (23·0 per cent.) was due partly to improved economic conditions in and partly to the effectiveness of the drive against illicit distillation.

6. The tree tax system of taxation on tari continued to be in force in the districts of Calcutta, 24-Parganas, Hooghly and Howrah. The number of licenses increased from 459 to 467, but revenue fell from Rs. 8,35,106 to Rs. 7,53,158. This is reported to be due to some extent to increased consumption of country liquor of weaker strength.

7. The revenue from foreign liquor was about Rs. 15·39 lakhs as against Rs. 15·38 lakhs in the previous year. Though there was a fall in the consumption of foreign liquor generally and consequently a fall in license fees, there was an increase in the consumption of Indian made foreign liquor, which produced an increase of Rs. 60,000 in the revenue from duty.

Imports of German beer in tins and drums is a novel feature of the year. It is satisfactory to note that imports of Java spirit are gradually on the decline and Government will await with interest the time when the expectation regarding the displacement of Java spirit by cheap local spirit in the market may be realised.

The bonded laboratories in this province maintained their reputation and their preparations found a ready market throughout India. Strict adherence to B. P. Standards was enforced by the department.

8. The number of licenses for the retail sale of ganja was 13 more than in last year; and the amount consumed was the same as in 1935-36. The area cultivated was reduced by 185 bighas or 25 per cent. of the area cultivated in the preceding year, because export to Bihar, formerly large, had almost entirely ceased. Revenue from ganja increased by Rs. 25,585.

Of the other two hemp drugs, the consumption of charas, imported from the Punjab, remained stationary, while that of bhang showed a small decline.

9. The system of restricted supply of opium to licensed shops, according to local requirements as fixed by the Collectors, continued throughout the province except in a few districts where the necessity for such a system no longer existed. The regulations prescribed by Government on the recommendation of the League of Nations relating to import, export or transport of dangerous drugs which include opium and its derivatives were strictly followed. The restrictions regarding limit of sale and private possession imposed on the consumption of opium in the industrial areas were maintained during the year. Consumption fell from 642 maunds 39 seers to 626 maunds 11 seers and revenue fell from Rs. 34,31,140 to Rs. 33,20,556 as compared with the previous year. The Opium Smoking Act and the rules thereunder have resulted in a further reduction in the number of opium smokers.

10. During the year 22,434 persons were arrested for offences against the Excise and Opium Laws. 8,266 of them were permitted under section 65 of the Excise Act to compound them petty offences. 14,168 persons were prosecuted and against 12,378 of them convictions were obtained. In one circle as many as 1,723 cases were detected.

11. The Temperance movement made little real headway, though in Malda and Darjeeling there was some not very successful propaganda against excessive drinking. In Chandpur a short-lived abstinence campaign kept some sweepers away from the licensed shops for about three months.

Experience has shown that the closing of liquor shops of itself does not help the cause of Temperance; as consumers, unable to secure what they want from licensed premises, either buy from illicit traders, or, as they can easily do, manufacture the stuff to their own requirements. The greater the restrictions on the sale of alcohol and drugs, the greater becomes the profit of the smuggler; and love of gain is a stronger motive than fear of punishment. The amazing spread of illicit distillation and brewing within the last ten years is illustrated by the increase in the number of cases detected, from 2,252 in 1926-27 to 8,726 in 1936-37.

12. The Government of Bengal have much pleasure in recording their appreciation of the manner in which the work of the department was conducted by Messrs D. MacPherson and A. S. Larkin. Thanks are also due to the officers mentioned in paragraphs 97 and 98 of the report whose loyal co-operation contributed to the successful working of the department.

O. M. MARTIN,

Secy. to the Govt. of Bengal.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 29th March 1938.

Forecast of the Rabi Crops of Bengal for 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under summer rice in Bengal has represented some 0·5 per cent. of the total area under rice in India.)

Character of the season.—The sowings of the crops began under normal conditions in October. In November the rainfall was deficient. The month of December was dry in West and North Bengal and in the latter districts the drought prolonged till February. The growth of the crops was, as such, adversely affected in the North and West Bengal districts. The season, on the whole, has been fairly favourable for the crops.

Acreage.—The normal area under the different rabi crops dealt with in this forecast is estimated at 3,520,000 acres. The area actually sown this year is reported to be 3,285,000 acres as against 3,221,800 acres last year. Of this, the area under summer rice is reported at 413,500 acres as against 432,300 acres last year and that under tobacco is 313,300 acres as against 307,300 acres last year.

Outturn.—According to District Officers' estimates, the average outturn of the different rabi crops for the province, as a whole, works out at 82 per cent. of the normal as against 84 per cent. last year, the outturn for the more important rabi districts being as follows:—

Mymensingh 100, Dacca 81, Rangpur 85, Murshidabad 65, Faridpur 84, Pabna 88, Noakhali 75, Rajshahi 75, Bakarganj 100, Tippera 70, Nadia 66, Jalpaiguri 89, Malda 78, and Bogra 80 per cents. of the normal.

Summer rice and tobacco crops.—The outturn of summer (boro) rice, according to District Officers' estimates, is 91 per cent. of the normal as against 92 per cent. last year. The gross yield of the crop for the province on a basis of the normal yield of 14½ maunds of clean rice per acre is estimated at 198,100 tons this year as against 209,400 tons (revised) last year.

The outturn of tobacco crop is estimated at 84 per cent. of the normal as against 88 per cent. last year. Taking 13½ maunds as the normal yield of the crop per acre, the gross yield of the crop for the province this year is estimated at 130,500 tons as against 134,100 tons (revised) last year.

Director of Agriculture, Bengal.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water-rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 200, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 100 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee shall be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holding for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(*a*) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(*b*) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (*a*) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (*b*) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank shall be suitably covered and protected and shall be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (*a*) and (*b*) of rule 4 or any part thereof to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (*b*) of rule 4 shall be durable and water-tight and the cover, overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of an officer of the municipality.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the water-rate payable on the basis of the annual valuation of such holding, according to the following table:—

Medical College, Calcutta, 1938.

Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(*1*) *Civil pupils' class.*—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(*2*) *Military pupils' class.*—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (*a*) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(*b*) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Puja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(*a*) Students from other provinces for which places are reserved should apply to the Inspector-General, Civil Hospitals, of those provinces for admission within such dates as that officer may prescribe.

(*b*) The candidates from Indian States will be nominated by the States themselves.

(*c*) Students from the Dacca University area will be selected as follows:—

(*i*) Three students will be selected by the Dacca University, and

(*ii*) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

Other provinces and Indian States including 1 from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5
Muhammadans	21
Others	60

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(*a*) Besides the students nominated by the Indian States under rule 5 (*b*), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (*c*).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (*a*) cannot be filled again by those authorities during the year.

(*b*) Five seats shall be reserved annually for nomination by the Surgeon-General provided the candidates possess the necessary physical qualifications and at least a 2nd class pass certificate of the I.Sc. examination of the Calcutta University with the subjects mentioned in rule 2 or of an examination recognised as equivalent to it. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (*c*).

(*c*) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(*d*) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by the majority of votes of the members of the medical profession on the Selection Committee.

(*e*) Any candidate who has—

(*i*) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,

(*ii*) personally canvassed any member of the Selection Committee or on whose behalf anyone else has canvassed any such member,

(*iii*) produced any letter of recommendation other than certificates from teachers or testimonials from persons under whom he has actually been employed,

shall be held to be disqualified for admission into the Medical College.

7. Of the total number of candidates nominated by the Selection Committee at least one-fourth should be Muhammadans, if a suitable number of qualified candidates belonging to that community can be obtained.

8. Selected candidates must pay the following fees within the time prescribed by the Principal, failing which their names will be struck off the rolls:—

(*a*) A student who without leave absents himself from the College or his hostel for more than one month, shall be removed from the rolls of the College, if the College Council so recommend. No refund of fees paid can be claimed in such cases.

Fees other than caution money once paid cannot be refunded except to those whose claim for refund is tenable under rule 17. The levy, accounting and disposal of caution money will be governed by the rules prescribed under Government order No. 1689Medl., dated the 24th May 1932.

9. Forms of application for admission will be issued from the 15th April and received up to the 25th May every year.

10. Failed students must apply for admission and pay the fees within the date prescribed by the Principal, otherwise their claim will lapse.

11. All civil students admitted after 1925-26 will pay Rs. 200 in two instalments, viz., Rs. 100 for the summer term and Rs. 100 for the winter term. They must also pay the annual Athletic Club fee of Rs. 4 (with the exception of female students) and any caution money due for attendance at practical classes along with the fees for their summer term. Fees once paid cannot be refunded except those whose claim for the refund is tenable under rule 17.

12. The fees for each term are to be paid in one instalment. The fees for the summer term are due (except from new students) on the 15th June and those for the winter term on the 1st November and must be paid together with athletic club fees, on those dates or on such later dates as the Principal may direct, after which a daily fine of annas four will be levied along with the fees on each defaulter. The names of students whose fees are more than 30 days overdue will be removed from the rolls of the college.

(*a*) A student detailed to hospital duty who overstays the authorised vacation leave without the permission of the Principal will be liable to pay a fine of Rs. 2 only for each day of overstay.

14. The fee for certificates issued to civil students leaving the college before completing their study shall be Rs. 40 for each course of lectures and practical classes and Rs. 30 for every three months of hospital practice.

[In calculating the sum to be paid under this rule the amount of college fees paid by the student (or in the case of a student enjoying a stipendiary scholarship and free tuition the amount of which would have been paid by him had he been a paying student) shall be deducted.]

15. Students who fail to appear at or to pass the Final M. B. Examination shall immediately on readmission after failure, pay fees each term at the rate of Rs. 25 for each of the subjects in which they are to appear at the subsequent examination.

FINANCE DEPARTMENT.

NOTIFICATION.

New Delhi, the 24th March 1938.

No. F. 27 (2)-R. II/38.—The following rules are published for general information:—

In exercise of the powers conferred by clause (*a*) of sub-section (1) of Section 247 of the Government of India Act, 1935, the Secretary of State hereby makes the following Rules, namely:—

THE SUPERIOR SERVICES (INDIA) FAMILY PENSION FUND RULES.

Section I.—General.

1. These Rules may be called the Superior Services (India) Family Pension Fund Rules.

2. The sums contributed or paid as hereinafter prescribed shall be accounted for to the Secretary of State and shall be credited in his books to an account entitled the Superior Services (India) Family Pension Fund; and there shall be debited to the said account all payments in respect of pensions, benefits, or other outgoings properly payable out of the Fund.

3. The Secretary of State shall, at such times and in such manner as may be agreed between him and the Commissioners appointed under the provisions of the Government of India (Family Pension Funds) Order, 1936, pay to or receive from the said Commissioners the amounts by which the receipts credited to the above-mentioned account exceed or fall short of the payments debited thereto as the case may be.

4. The Secretary of State may by alteration of these Rules make such changes in the rates and conditions of contribution and benefit as he shall from time to time think necessary. Every such alteration shall, in the absence of provision in the Rules to the contrary, take effect from the first day of the month following the date of publication of the amendment in the "Gazette of India":

Provided that no such alteration shall operate to reduce the pension payable to any person already in receipt thereof otherwise than by the withdrawal or reduction of any increase granted temporarily or by making any reduction deemed to be necessary in consequence of the transfer of the Fund to Commissioners under the provisions of the Government of India (Family Pension Funds) Order, 1936.

5.—(1) The Secretary of State shall, from time to time, at such periods as he may determine, place the accounts of the Fund, together with statistics of the ages, births, marriages and deaths of the subscribers and of their dependants, before such Actuary or Actuaries as he may select, with instructions to examine them and report thereon.

(2) The Report of the Actuary or Actuaries shall be published in such manner as the Secretary of State may direct.

Section II.—Rules relating to Contributions and Benefits (Compulsory contributions).

6.—(1) The Rules in this section apply

(*a*) to every person who being on 31st March 1937 a subscriber to or a beneficiary of the fund under the Rules relating to compulsory subscription then in force, did not, under the provisions of Section 19 of the Government of India (Family Pension Funds) Order, 1936, make objection to the vesting in Commissioners of his interest in the fund;

(*b*) to every pensionable European, Anglo-Indian or Anglo-Burman officer appointed by the Secretary of State after 31st March 1937 to the Indian Police or to any post declared by the Secretary of State to be a scheduled post for the purposes of these Rules, who was at the time of his appointment under the age of 28 years;

(*c*) to every European, Anglo-Indian or Anglo-Burman officer of the Burma Police, Class I, who was at the time of his appointment under the age of 28 years, and is required by the Rules relating to his conditions of service to subscribe.

(2) If any question arises as to whether this section of the Rules applies or does not apply to any individual officer the question shall be decided by the Secretary of State and his decision shall be final.

7. Every officer to whom this section of the Rules applies (hereinafter referred to as a compulsory subscriber), shall make, with effect from the 1st April 1937, if he was already in service at that date, or if not, with effect from the date of his arrival in India or Burma, to take up his appointment, the monthly contributions* prescribed in the First Schedule and the Secretary of State may order that such contributions shall be deducted from his pay or pension at the time of issue.† If at any time a subscriber is not in receipt of pay he shall not thereby be relieved of the obligation to pay the contributions due from him,‡ but the Secretary of State may at his discretion permit recovery of subscription due over a prolonged period of leave on medical certificate or of extraordinary leave without pay to be postponed until the expiration of such leave.

8. Except as provided in Rules 9, 10 and 11, contributions under Rule 7 shall cease on the expiration of 25 years from the date from which they first became payable, or, should the subscriber retire on invalid pension before the expiration of such period, on the date of retirement. Any subscription remaining unrecovered under the terms of the proviso to Rule 7 shall, however, be recoverable from such invalid pension.

---

*These contributions are fixed in sterling and when recovered or paid in India or Burma are convertible into rupees at the current rate of exchange.

†Subscriptions may be substituted for payments to the General Provident Fund subject to the provisions of Rule 17 of the Rules of that Fund.

‡If a subscriber is not in receipt of pay from a Government in India or the Government of Burma, he should arrange to pay the contributions due from him, either by cash or by cheque, to the Accountant-General, India Office, to the Accountant-General, Central Revenues, New Delhi, or to the Accountant-General, Burma.

9. A compulsory subscriber who is dismissed from the service shall thereupon cease to be a subscriber, and his family shall cease to be entitled to any benefits under these Rules, and the subscriber shall not be entitled to any refund of contributions.

10.—(1) A compulsory subscriber who resigns or is removed from the service or who retires without being entitled to a pension shall thereupon cease to be a subscriber and his dependants shall cease to be entitled to any benefits under these Rules, but the subscriber may be granted a lump sum, the amount of which shall be fixed in each case by the Secretary of State, whose decision shall be final; and it shall be open to the Secretary of State before deciding upon the amount, if any, of such lump sum, to require medical evidence, in the form prescribed in the Fifth Schedule, of the health of all or any of the dependants of the subscriber.

(2) A compulsory subscriber who retires from the service on a compensation pension may elect, within three months of the date of retirement, to discontinue subscription under these Rules with effect from the date of his letter signifying such election; his dependants shall thereupon cease to be entitled to any benefits under these Rules, but the subscriber may be granted a lump sum on the terms and conditions set forth in the preceding Sub-rule.

11.—(1) A compulsory subscriber who retires with a pension under the India Premature Retirement Rules or the Burma Premature Retirement Rules may adopt, at his option, one of the following methods of retaining for his wife and children benefits under these Rules, namely:—

(*a*) He may cease to make any contributions under the Rules, and shall then retain only the right to a proportion of the contingent benefits under the Rules for his wife and children existing on the date of retirement, and for any children subsequently born to that wife. This proportion shall be equal to the completed number of years during which he has subscribed divided by 25.

(*b*) He may continue until the expiration of 25 years from the date on which he became a subscriber to make contributions under the rules at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full benefits admissible under the Rules as if he had remained in the service:

Provided that, in the event of the officer failing to notify within three months of the date of his retirement the method selected by him, he shall be deemed to have elected the first of the above methods.

(2) There shall be repaid to the Superior Services (India) Family Pension Fund in accordance with the provisions of the Rules referred to in sub-rule (1), any loss thrown upon it by the operation of this rule; and the decision of the Secretary of State as to the amount of such loss shall be final.

Provided that the provisions of this Section shall not apply to any officer described under head (*b*) above who before 1st April, 1937, made provision for his family under the Rules of the Fund then in force, and made objection under the provisions of Section 19 of the Government of India (Family Pension Funds) Order, 1936, to the vesting in Commissioners of his interest in the fund.

(2) If any question arises as to whether this Section of the Rules applies or does not apply to any individual officer, the question shall be decided by the Secretary of State, and his decision shall be final.

19. Subject to the provisions of Rule 21, any beneficiary as aforesaid shall be entitled to an annuity at the rate for which payment was made on his or her behalf.

20.—(1) Any officer to whom these Rules apply may at any time, subject to the conditions laid down in these Rules, provide for the payment of an annuity after his death to his wife and children or any of them or may increase any such provisions previously made.

(2) Subject to the provisions of Rule 21, provision as aforesaid shall be on the terms set out in the Sixth Schedule to these Rules.

(3) The total annuity secured to any one dependant including any annuity payable under the Rules of Section II, shall not unless the Secretary of State in any particular case otherwise determines exceed the following—

22. Every officer applying on or after 1st March, 1929, to subscribe or to increase his contributions under this Section shall produce medical evidence as to the state of his health in the form prescribed in the Fifth Schedule.

Liability for contingent pension under this Section shall commence—

(*a*) in the case of pensions paid for by monthly contributions, from the date of the letter notifying the acceptance of the application to subscribe, from which date contributions shall be payable;

(*b*) in the case of pensions paid for by single premium, from the date on which, after acceptance of the application, the single premium is paid.*

Notification of acceptance shall be given in England by the Controller of Pension Funds, India Office, in India by the Accountant-General, Central Revenues, and in Burma by the Accountant-General;

Monthly contributions shall ordinarily be payable from the date of acceptance at the rate appropriate to the ages of the parties on that date; but they may, at the option of the subscriber, be recovered with effect from the date of application at the rate appropriate to the ages on that date.

Single premium shall ordinarily be calculated according to the ages of the parties at the date of payment, but they may, at the option of the subscriber, be calculated according to the ages at the date of application and shall then be regarded, for the purposes of Rule 27 as due on that date.

23. Contributions paid under this Section of the Rules confer a claim to benefit only on the particular dependant on whose behalf they are paid. The right to pension of a wife, subject to the provisions of Rules 24 and 25, shall not be affected by reason of the termination of her marriage by divorce or annulment.

*These contributions are fixed in sterling and when recovered or paid in India or Burma are convertible into rupees at the current rate of exchange. Subscriptions may be substituted for payments to the General Provident Fund, subject to the provisions of Rule 17 of the Rules of that Fund.

24. A subscriber whose contributions under this Section are in arrear for a period greater than three months shall thereby forfeit all his past payments, and his dependants shall lose all claim to benefits, under this Section:

Provided that the Secretary of State may permit resumption of contributions on such term as he shall in each case decide:

Provided further that the Secretary of State may at his discretion permit recovery of subscription due over a prolonged period of leave on medical certificate, or of extraordinary leave without pay, to be postponed until the expiration of such leave.

25.—(1) A subscriber may at any time discontinue or reduce any monthly contributions payable by him under the Rules of this Section, in which case the dependants for whom the contributions so discontinued or reduced were paid shall be entitled, after his death, to modified pensions,* the amount of which shall be decided in each case by the Secretary of State, whose decision shall be final.

(2) A subscriber may at any time, on giving not less than one month's notice in writing, reduce or cancel the provision made for his wife or children under the Rules of this Section and may thereupon be granted a refund equivalent to the net liability of which the Fund is so relieved: but the Secretary of State may require medical evidence of the health of each dependant in respect of whom a refund† is payable in the form prescribed in the Fifth Schedule.

The amount of the refund shall be fixed in each case by the Secretary of State and his decision shall be final.

26. A subscriber may at any time commute any level monthly contributions payable by him under the Rules of this Section on the terms specified in the Seventh Schedule.

Section IV. Rules relating to Contributions and Benefits. (General.)

27. Interest at the rate of 4 per cent. shall be charged on contributions remaining unpaid for more than one month from the date on which they become due.

28. Any payment due at a subscriber's death shall be deducted, without any addition for interest beyond the date of death, from the pensions due to his dependants in four quarterly instalments, or, if the sum due is more than half the annual amount of the pensions, in such a number of quarterly instalments as the Secretary of State may direct.

29.—(1) The Secretary of State may at his discretion permit a portion of the pension of a male orphan who has reached the age of 16 years to be commuted with a view to the proceeds being applied to the pensioner's advancement in life.

---

*A dependant, the contribution on whose behalf has been wholly discontinued, will not necessarily remain entitled under this Rule to any pension. For instance, no pension will normally be payable in these circumstances in the case of children whose pensions would have ceased at age 21 or of daughters approaching marriageable age.

†No refund will be payable in the case of (*a*) children whose pensions would cease at age 21, except where the contracts have been effected by payment of single premiums and (*b*) daughters approaching marriageable age.

(2) The pension of a minor orphan shall be paid to his or her mother or other duly appointed or recognised guardian.

30. Declarations shall be furnished quarterly as to the continued widowhood, spinsterhood or survival of pensioners as the case may be.*

31. A pension payable under these Rules shall ensure for the benefit of the pensioner only and no transfer, assignment or other alienation thereof shall be recognised.

32. (1) Pensions and gratuities under these Rules shall be payable in London in sterling.† Pensioners residing in India or Burma may, however, at their option, receive payment‡ there in rupees at such rate of exchange as the Secretary of State may prescribe.

(2) A pensioner residing in India or Burma who has elected to receive payment there shall not subsequently be permitted to change the place of payment except at the commencement of an official year.

33. References in these Rules to the Secretary of State shall be construed as references to the Secretary of State acting with the concurrence of his advisers in accordance with the provisions of Section 261 of the Government of India Act, 1935.

34. The Superior Services (India) Family Pension Fund Rules previously in force are hereby repealed.

J. C. Basu, for *Director of Agriculture, Bengal.*

Dacca, the 12th April 1938.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 31st March 1938.

Third Forecast of the Wheat Crop of Bengal, 1937-38.

(*Note.*—On an average of the five years ending 1935-36, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1935-36, averaged (*a*) 41·7 and (*b*) 9·7 per cent., respectively.)

Character of the season.—Since the submission of the second forecast no improvement has set in. Want of timely and sufficient rainfall has adversely affected the growth of the crop causing damages at places. On the whole, a fair crop is anticipated for the province.

Acreage.—According to the estimates of the district officers the total area sown comes to 160,900 acres this year as against 149,500 acres both in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 80 per cent. as against 83 and 84 per cent. in the corresponding and final forecasts of last year.

Taking the normal yield to be 9½ maunds per acre, the gross yield of the crop for the province is estimated at 45,400 tons this year as against 43,800 tons (revised) and 44,300 tons (revised) in the corresponding and final forecasts of last year.

M. CARBERY,

Director of Agriculture, Bengal.

1. The examination will be conducted by an Examination Board which will be composed as follows:—

(1) A High Court Judge to be nominated by the High Court—President.

Members.

(2) A District Judge to be nominated by the High Court.

(3) The Principal of the Bengal Engineering College (Secretary).

(4) Director of Surveys, Bengal.

(5) Director of Surveys, Assam.

(6) The Principal of the Ahsanulla School of Engineering, Dacca.

2. Certificates issued to candidates attached to Courts in Bengal and Assam will be signed by the Secretary.

3. The Board will, through their Secretary, arrange to conduct the examination, to appoint examiners and receive their reports, to issue instructions to the candidates, to record marks and announce results, to receive examination fees, and to pay the examiners and contingent expenses. The Board will also determine the scale of remuneration to be given to the examiners in consultation with the Government of Bengal.

Rules for the Examination of Pleaders for Certificates of Proficiency in Surveying.

4. An examination for these certificates will be held once annually in the month of February, or at such time as may be notified by the Board, at the following centres:—

The Bengal Engineering College—In Bengal, for Bengal and Assam candidates.

Dacca School of Engineering—In Bengal, for Bengal and Assam candidates.

5. Candidates practising in courts situated in the various districts will be examined at the places enumerated below:—

Candidates practising in the Burdwan, Presidency and Rajshahi Divisions at the Bengal Engineering College.

Candidates practising in courts in the Dacca and Chittagong Divisions and in Assam will be examined at Dacca.

6. The maximum number of names that will be registered for the examination is 20 for class II and 8 for class I (to be selected from class II passed candidates) at each examination centre at the Bengal Engineering College and Dacca.

7. In the event of more than 20 or less than 5 names for class II being registered for examination at any one centre, the Secretary will have power to direct candidates to proceed for examination to the other centre, provided that this does not increase the number appearing at that centre to more than 20.

8. In the event of more candidates than provided for in rule 6 being registered for examination in any year, the number admitted to the Bengal Engineering College or Dacca centre may be increased for that year. Should the number of candidates for examination at these centres be too great (in the opinion of the officer controlling the examination) to be examined at one time, he may arrange for two separate examinations in the field tests.* All candidates must appear at the same paper examination.*

9. The registration of candidates for the examination will be conducted by the Secretary of the Examination Board.

10. No candidate will be admitted to the examination unless he has been enrolled as a pleader, and—

(*i*) has obtained credit for attendance at the special course of instruction not less than eleven months and more than four years previous to the date of the examination, or

(*ii*) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(*iv*) has obtained the Surveyor's certificate of one of the Government Survey School, or

(*v*) is specially allowed by the Board to appear without any of the qualifications (*i*) to (*iv*).

11. No candidate will be admitted to the examination more than three times.

12. Candidates for admission to the practical examination shall, after they have had their applications on the prescribed form countersigned by the District Judge, forward them to the Secretary of the Examination Board so as to reach his office on such date in January as may be fixed annually by the Secretary and notified in two issues of the Gazette during the preceding month. Each application must be accompanied by a receipt from the local treasury certifying that the examination fee of Rs. 50 (in the case of class II candidates) and Rs. 75 (in the case of class I candidates) has been paid into the treasury; unless such receipt be received, the candidate's name will not be registered.

*The reason why it is not possible to hold a second examination at the other centre (*vide* rule 8) is that they have not so large a number of teachers, and the holding of the examination necessitates the closing of the school while it is proceeding.

13. Each examination is complete in itself. A candidate will be required to pass the examination in every test, and will not be exempted from a test on the ground that he satisfied the examiner in it previously.

14. No certificates of partial success will be issued.

15. The examination will comprise the following tests:—

Class II.

I. A paper on practical surveying—3 hours.

II. A practical test in chain surveying, during which the candidates' knowledge of the use of a prismatic compass will be tested—4 hours.

VI. Plotting—1-2 days.

Rules as to special course of training.

This special course in itself is of little use as a training in surveying. It is only intended as a preliminary instruction; the real training depends on the work done in the field during eleven months' interval between the course and the examination.

16. Classes will be arranged at the Bengal Engineering College and the Dacca School of Engineering, for ten weeks in the months of January to March each year, for both class I and class II candidates.

17. The heads of these institutions will fix the exact dates in each season, and the sites of training, and inform the candidates after the candidates are allotted under rule 27.

18. The classes will be held under canvas, and the necessary tents for this purpose will be provided by Government.

19. There will be two classes at each centre and there should be two instructors approved by the Board who will share the class work between them. They will be appointed by the head of each institution for twelve weeks in each season.

20. Attendance will not be marked any day unless the pleader attends for the full working hours, and if a pleader does not work satisfactorily, his attendance will not be credited.

21. The instructor shall keep a register of attendance. To obtain credit for attendance at this special course of instruction a candidate must have been entered according to rule 20 as having attended at least 80 per cent. of the full number of working days, and this attendance must be so distributed that the Board is satisfied that none of the subjects taught has been neglected. He shall also submit maps and sections of all field work to the satisfaction of the instructor.

22. The teacher of the class will not be permitted to give private certificates for this course.

23. A statement showing the total attendance of each pleader will be prepared by the teacher in charge and forwarded through the Controlling Officer to the Secretary.

24. Instructors will arrange for tents, coolies and instruments under the supervision of the head of the institutions concerned.

25. The fee for the course will be Rs. 100 for each of the class I and class II candidates payable in advance.

26. Any candidate who desires to undergo the course of training must apply to the Secretary of the Examination Board not later than such date in November as may be fixed annually by the Secretary and notified in the first two issues of the Gazette during that month. The application must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Bengal Engineering College or Dacca, and should be accompanied by a receipt from the treasury certifying that the fee of Rs. 100 for the course has been deposited into the treasury; unless such receipt be received, the candidate's name will not be registered.

27. The Secretary will allot candidates, consulting their wishes as far as possible, giving not more than 20 and not less than 8 in the case of class II candidates and not more than 8 in the case of class I candidates to a class. If the number of candidates exceeds 40 in the case of class II candidates and 16 in the case of class I candidates, he may arrange a second course at one centre. He will then inform the heads of the institutions as to the numbers in each of the classes, and the candidates as to the centres which they should attend.

28. Pleaders are expected to make their own arrangements for residence at the respective centres to which they are allotted.

(2) The Court may, on the application of an insurer and after giving notice to and hearing the Superintendent of Insurance, forbid such action by the Superintendent, if the insurer satisfies the Court that it is unnecessary in the circumstances.

(3) The results of any investigation made under this section shall be embodied in a report of which one copy shall be lodged with the Superintendent of Insurance and one copy shall be furnished to the insurer; and a copy of such report shall be furnished to the policy-holders who have sent a requisition for such an investigation.

(2) Any scheme prepared under this section shall set out the agreement under which the transfer or amalgamation is proposed to be effected, and shall contain such further provisions as may be necessary for giving effect to the scheme.

36. When any application such as is referred to in sub-section (*3*) of section 35 is made to the Court, the Court shall cause, if for special reasons it so directs, notice of the application to be sent to every person resident in British India or in an Indian State who is the holder of a life policy of any insurer concerned and shall cause a statement of the nature and terms of the amalgamation or transfer, as the case may be, to be published in such manner and for such period as it may direct, and, after hearing the directors and such policy-holders as apply to be heard and any other persons whom it considers entitled to be heard, may sanction the arrangement, if it is satisfied that no sufficient objection to the arrangement has been established.

Statements required after amalgamation and transfer.

37. Where an amalgamation takes place between any two or more insurers, or where any business of one insurer is transferred to another, whether in accordance with a scheme confirmed by the Court or otherwise, the insurer carrying on the amalgamated business or the insurer to whom the business is transferred, as the case may be, shall, within three months from the date of the completion of the amalgamation or transfer, furnish to the Central Government—

(2) The transfer or assignment shall be complete and effectual upon the execution of such endorsement or instrument duly attested but shall not be operative as against an insurer and shall not confer upon the transferee or assignee, or his legal representative, any right to sue for the amount of such policy or the moneys secured thereby until a notice in writing of the transfer or assignment has been delivered to the insurer at his principal place of business in British India by or on behalf of the transferor or transferee.

(3) The date on which the notice referred to in sub-section (2) is delivered to the insurer shall regulate the priority of all claims under a transfer or assignment as between persons interested in the policy; and where there is more than one instrument of transfer or assignment the priority of the claims under such instruments shall be governed by the order in which the notices referred to in sub-section (2) are delivered.

(4) Upon the receipt of the notice referred to in sub-section (2), the insurer shall record the fact of such transfer or assignment together with the date thereof and the name of the transferee or the assignee and shall, on the request of the person by whom the notice was given, or of the transferee or assignee, on payment of a fee not exceeding one rupee, grant a written acknowledgment of the receipt of such notice; and any such acknowledgment shall be conclusive evidence against the insurer that he has duly received the notice to which such acknowledgment relates.

39. (1) The holder of a policy of life insurance may, when effecting the policy or at any time before the policy matures for payment, nominate the person or persons to whom the money secured by the policy shall be paid in the event of his death.

(2) Any such nomination in order to be effectual shall, unless it is incorporated in the text of the policy itself, be made by an endorsement on the policy communicated to the insurer and registered by him in the records relating to the policy and any such nomination may at any time before the policy matures for payment be cancelled or changed by an endorsement or a further endorsement or a will, as the case may be.

(3) The insurer may charge a fee not exceeding one rupee for registering any such endorsement and shall furnish to the policy-holder a written acknowledgment of having done so.

(4) A transfer or assignment of a policy made in accordance with section 38 shall automatically cancel a nomination.

(5) Where the policy matures for payment during the lifetime of the policy-holder or where the nominee or, if there are more nominees than one, all the nominees die before the policy matures for payment, the amount secured by the policy shall be payable to the policy-holder or his heirs or legal representatives or the holder of a succession certificate, as the case may be.

(6) Where the nominee or, if there are more nominees than one, a nominee or nominees survive the policy-holder, the amount secured by the policy shall be payable to such survivor or survivors.

VII of 1913.

(*2*) This section shall not take effect until the expiry of one year from the commencement of this Act.

Prohibition of business on dividing principle.

52. No insurer shall after the commencement of this Act begin, or after three years from that date continue to carry on, any business upon the dividing principle, that is to say, on the principle that the benefit secured by a policy is not fixed but depends either wholly or partly on the results of a distribution of certain sums amongst policies becoming claims within certain time-limits, or on the principle that the premiums payable by a policy-holder depend wholly or partly on the number of policies becoming claims within certain time-limits:

Provided that nothing in this section shall be deemed to prevent an insurer from allocating bonuses to holders of policies of life insurance as a result of a periodical actuarial valuation either as reversionary additions to the sums insured or as immediate cash bonuses or otherwise:

Provided further that an insurer who continues to carry on insurance business on the dividing principle after the commencement of this Act shall withhold from distribution a sum of not less than forty per cent. of the premiums received during each year after the commencement of this Act in which such business is continued so as to make up the amount required for investment under section 27.

WINDING UP.

Winding up by the Court.

53. (*1*) The Court may order the winding up in accordance with the Indian Companies Act, 1913, of any insurance company and the provisions of that Act shall, subject to the provisions of this Chapter, apply accordingly. VII of 1913.

(*2*) In addition to the grounds on which such an order may be based, the Court may order the winding up of an insurance company—

(*a*) if with the sanction of the Court previously obtained a petition in this behalf is presented by shareholders not less in number than one-tenth of the whole body of shareholders and holding not less than one-tenth of the whole share capital or by not less than fifty policy-holders holding policies of life insurance that have been in force for not less than three years and are of the total value of not less than fifty thousand rupees; or

(*b*) if the Superintendent of Insurance, who is hereby authorised to do so, applies in this behalf to the Court on any of the following grounds, namely:—

(*i*) that the company has failed to deposit or to keep deposited with the Reserve Bank of India the amounts required by section 7,

(*ii*) that the company having failed to comply with any requirement of this Act has continued such failure for a period of three months after notice of such failure has been conveyed to the company by the Superintendent of Insurance,

(*iii*) that it appears from the returns furnished under the provisions of this Act or from the results of any investigation made thereunder that the company is insolvent, or

(*iv*) that the continuance of the company is prejudicial to the interests of the policy-holders.

Voluntary winding up.

54. Notwithstanding anything contained in the Indian Companies Act, 1913, an insurance company shall not be wound up voluntarily except for the purpose of effecting an amalgamation or a re-construction of the company, or on the ground that by reason of its liabilities it cannot continue its business. VII of 1913.

Valuation of liabilities.

55. (*1*) In the winding up of an insurance company or in the insolvency of any other insurer the value of the assets and the liabilities of the insurer shall be ascertained in such manner and upon such basis as the liquidator or receiver in insolvency thinks fit, subject, so far as applicable, to the rule contained in the Sixth Schedule and to any directions which may be given by the Court.

(*2*) For the purposes of any reduction by the Court of the amount of the contracts of any insurance company the value of the assets and liabilities of the company and all claims in respect of policies issued by it shall be ascertained in such manner and upon such basis as the Court thinks proper having regard to the rule aforesaid.

(*3*) The rule in the Sixth Schedule shall be of the same force and may be repealed, altered or amended as if it were a rule made in pursuance of section 246 of the Indian Companies Act, 1913, and rules may be made under that section for the purpose of carrying into effect the provisions of this Act with respect to the winding up of insurance companies. VII of 1913.

Application of surplus assets of life insurance fund in liquidation or insolvency.

56. (*1*) In the winding up of an insurance company and in the insolvency of any other insurer the value of the assets and the liabilities of the insurer in respect of life insurance business shall be ascertained separately from the value of any other assets or any other liabilities of the insurer and no such assets shall be applied to the discharge of any liabilities other than those in respect of life insurance business except in so far as those assets exceed the liabilities in respect of life insurance business.

(*2*) In the winding up of an insurance company carrying on the business of life insurance or in the insolvency of any other insurer carrying on such business where any proportion of the profits of the insurer was before the commencement of the winding up or insolvency allocated to policy-holders, if, when the assets and liabilities of the insurer have been ascertained, there is found to be a surplus of assets over liabilities (hereinafter referred to as a *prima facie* surplus) there shall be added to the liabilities of the insurer in respect of the life insurance business an amount equal to such proportion of the *prima facie* surplus as is equivalent to such proportion of the profits allocated to shareholders and policy-holders as was allocated to policy-holders during the ten years immediately preceding the commencement of the winding up and the assets of the insurer shall be deemed to exceed his liabilities only in so far as those assets exceed those liabilities after such addition:

Provided that—

(*a*) if in any case there has been no such allocation or if it appears to the Court that by reason of special circumstances it would be inequitable that the amount to be added to the liabilities of the insurer in respect of the life insurance business should be an amount equal to such proportion as aforesaid, the amount to be so added shall be such amount as the Court may direct, and

(*b*) for the purpose of the application of this sub-section to any case where before the commencement of the winding up or insolvency a proportion of such profits as aforesaid of a branch only of the life insurance business in question has been allocated to policy-holders, the value of the assets and liabilities of the insurer in respect of that branch shall be separately ascertained in like manner as the value of his assets and liabilities in respect of the life insurance business was ascertained, and the surplus so found, if any, of assets over liabilities shall, for the purpose of determining the amount to be added to the liabilities of the insurer in respect of the life insurance business be deemed to be the *prima facie* surplus.

Winding up of secondary companies.

57. (*1*) Where the insurance business or any part of the insurance business of an insurance company has been transferred to another insurance company under an arrangement in pursuance of which the first mentioned company (in this section referred to as the secondary company) or the creditors thereof has or have claims against the company to which such transfer was made (in this section referred to as the principal company) then, if the principal company is being wound up by or under the supervision of the Court, the Court shall (subject as hereinafter mentioned) order the secondary company to be wound up in conjunction with the principal company and may by the same or any subsequent order appoint the same person to be liquidator for the two companies and make provision for such other matters as may seem to the Court necessary with a view to the companies being wound up as if they were one company.

(*2*) The commencement of the winding up of the principal company shall, save as otherwise ordered by the Court, be the commencement of the winding up of the secondary company.

(*3*) In adjusting the rights and liabilities of the members of the several companies among themselves the Court shall have regard to the constitution of the companies and to the arrangements entered into between the companies in the same manner as the Court has regard to the rights and liabilities of different classes of contributories in the case of the winding up of a single company or as near thereto as circumstances admit.

(*4*) Where any company alleged to be secondary is not in process of being wound up at the same time as the principal company to which it is alleged to be secondary, the Court shall not direct the secondary company to be wound up, unless, after hearing all objections (if any) that may be urged by or on behalf of the company against its being wound up, the Court is of opinion that the company is secondary to the principal company and that the winding up of the company in conjunction with the principal company is just and equitable.

(*5*) An application may be made in relation to the winding up of any secondary company in conjunction with the principal company by any creditor of, or person interested in, the principal or secondary company.

(*6*) Where a company stands in the relation of a principal company to one insurance company and in the relation of a secondary company to some other insurance company or where there are several insurance companies standing in the relation of secondary companies to one principal company, the Court may deal with any number of such companies together or in separate groups as it thinks most expedient upon the principles laid down in this section.

Schemes for partial winding up of insurance companies.

58. (*1*) If at any time it appears expedient that the affairs of an insurance company in respect of any class of business comprised in the undertaking of the company should be wound up but that any other class of business comprised in the undertaking should continue to be carried on by the company or be transferred to another insurer, a scheme for such purposes may be prepared and submitted for confirmation of the Court in accordance with the provisions of this Act.

1. The balance-sheet required to be prepared in respect of every class of business carried on by an insurer is, in the form in which it is set out in Part II of this Schedule (Form A), appropriate to a case where the insurer maintains a separate fund in respect of life insurance business.

2. The balance-sheet of life insurance business shall be prepared as a separate document. The balance-sheet of any class of business may be prepared as a separate document instead of being incorporated by the addition of columns and headings in the general balance-sheet, but the totals of each such separate balance-sheet (showing the total assets of the class of business, the balance at the credit of the life insurance fund or other separate fund or account, the amount of shareholders' undivided profits, and outstanding liabilities) must in any case be incorporated in the general balance-sheet.

3. If any combined balance-sheet is for any purpose issued by an insurer, it shall be in accordance with the Form set out in this Schedule, and there shall not be included among the assets shown in any such combined balance-sheet any amount in respect of any holding in or advance to any insurer whose assets and liabilities have been incorporated therein. Every combined balance-sheet must show clearly on the face thereof that it is a combined balance-sheet and must set out fully the name of every insurer whose assets and liabilities have been incorporated therein; if the assets and liabilities of any person not being an insurer are included in a combined balance-sheet the fact must be stated thereon.

4. Where any guarantee has been given by an insurer (otherwise than in the ordinary course of re-insurance business) in respect of the policies of any other insurer, the balance-sheet of the insurer by whom the guarantee was given must show clearly the name of every insurer whose policies have been so guaranteed and the extent of the guarantee:

Where any combined balance-sheet is issued by an insurer for any purpose, the information required by this regulation shall be shown in the aggregate in respect of all the insurers whose assets and liabilities have been incorporated in the balance-sheet.

7. Every balance-sheet shall contain the following certificates, namely:—

(*a*) a certificate signed by the same persons as are required by this Act to sign the balance-sheet explaining how the values as shown in the balance-sheet of the Investments in Stocks and Shares have been arrived at, and how the market value thereof has been ascertained for the purpose of comparison with the values so shown;

(*b*) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and signed also, so far as respects the value of any items shown in the balance-sheet under the heading of "Reversions and Life Interests", by an actuary, certifying that the values of all the assets have been reviewed as at the date of the balance-sheet, and that in their belief the assets set forth in the balance-sheet are shown in the aggregate at amounts not exceeding their realisable or market value under the several headings—"Loans", "Reversions and Life Interests", "Investments", "Agent's Balances", "Outstanding Premiums", "Interest, Dividends and Rents outstanding", "Interest, Dividends and Rents accruing but not due", "Amounts due from other Persons or Bodies carrying on Insurance Business", "Sundry Debtors", "Bills Receivable", "Cash" and the several items specified under "Other Accounts":

Provided that if the persons signing the certificate are unable to certify that the assets set forth in the balance-sheet are so shown as aforesaid, a full explanation of the bases upon which the values shown in the balance-sheet have been assessed shall be given in the certificate;

(*c*) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and by the auditor certifying that no parts of the assets of the life insurance fund has been directly or indirectly applied in contravention of the provisions of this Act relating to the application and investment of life insurance funds; and

(*d*) certificates signed by the auditor (which shall be in addition to any other certificate or report which he is required by law to give with respect to the balance-sheet) certifying—

(*i*) that he has verified the cash balances and the securities relating to the insurer's loans, reversions and life interests, and investments;

(*ii*) to what extent, if any, he has verified the investments and transactions relating to any trusts undertaken by the insurer as trustee; and

(*iii*) in the case of a combined balance-sheet, that he has audited the balance-sheet and accounts of every insurer whose assets and liabilities are incorporated therein, or that any such balance-sheet and accounts which have not been audited by him have been certified by independent auditors. The said certificate shall contain a reference to such reservations, if any, as may have been made by any auditor upon any report or certificate given by him with respect to the balance-sheet and accounts of any insurer whose assets and liabilities are incorporated in the combined balance-sheet.

8. If the values shown in the balance-sheet in respect of "Holdings in Subsidiary Companies" or "House property (*i*) in India, (*ii*) out of India" have been increased since the last previous balance-sheet, the certificate required by paragraph (*b*) of the last foregoing regulation shall state the amount of every increase not solely due to the cost of subsequent additions or, as respects holdings in controlled companies, to increased profits, and shall contain an explanation of the reason therefor.

9. For the purposes of this Schedule the following expressions have the meanings hereby respectively assigned to them, namely:—

THE FOURTH SCHEDULE.

(*See* section 13.)

Regulations for the preparation of Abstracts of Actuaries' Reports and Requirements applicable to such Abstracts.

PART I.

Regulations.

1. Abstracts and Statements must be so arranged that the numbers and letters of the paragraphs correspond with those of the paragraphs of Part II of this Schedule.

2. In showing the proportion which that part of the annual premiums reserved as a provision for future expenses and profits bears to the total of the annual premiums, in accordance with the requirements of paragraph 3 of Part II of this Schedule, no credit is to be taken for any adjustments made in order to secure that no policy is treated as an asset.

3. (*1*) The average rate of interest yielded in any year by the assets constituting a life insurance fund shall, for the purposes of paragraph 4 of Part II of this Schedule, be calculated by dividing the interest of the year by the mean fund of the year; and for the purposes of any such calculation the interest of the year shall be taken to be the whole of the interest credited to the life insurance fund during the year after deduction of income-tax charged thereon (any refund of income-tax in respect of expenses of management made during the year being taken into account), and the mean fund of the year shall be ascertained by adding a sum equal to one-half of the amount of the life insurance fund at the beginning of the year to a sum equal to one-half of that fund at the end of the year, and deducting from the aggregate of those two sums an amount equal to one-half of the interest of the year.

(*2*) For the purposes of the calculation aforesaid either—

(*a*) all profits and income arising during the year from sums invested in reversions shall be included in the interest credited to the life insurance fund during the year; or

(*b*) such portion of the life insurance fund as is invested in the purchase of reversions, and the profits and income arising therefrom, shall be excluded from the calculation; but in that case a statement must be added to the information required under the said paragraph 4, showing, in respect of the portion of the fund so excluded as aforesaid, the average rate of annual profit and income for which credit has been taken during the five years last preceding the valuation date, and explaining the manner in which the said average rate has been calculated.

(*3*) The information given in accordance with the requirements of the said paragraph 4 shall show clearly by which of the methods hereinbefore in this regulation mentioned the sums invested in reversions and the profits and income arising therefrom have been dealt with.

4. Every abstract prepared in accordance with the requirements of Part II of this Schedule shall be signed by an actuary and shall contain a certificate by him to the effect that he has satisfied himself as to the accuracy of the valuations made for the purposes thereof and of the valuation data:

Provided that in the case of an abstract prepared on behalf of an insurance company, if the actuary who signs the abstract is not a permanent officer of the company, the certificate as to the accuracy of the valuation data shall be given and signed by the principal officer of the company and the actuary shall include in the abstract a statement signed by him showing what precautions he has taken to ensure the accuracy of the data.

5. For the purposes of this Schedule the following expressions have the meanings hereby respectively assigned to them, namely:—

"extra premium" means a charge for any risk not provided for in the minimum contract premium;

"inter-valuation period" means, as respects any valuation, the period to the valuation date of that valuation from the valuation date of the last preceding valuation in connection with which an abstract was prepared under this Act or under the enactments repealed by this Act, or, in a case where no such valuation has been made in respect of the class of business in question, from the date on which the insurer began to carry on that class of business;

"maturity date" means the fixed date on which any benefit will become payable either absolutely or contingently;

"net premiums" means as respects any valuation the premiums taken credit for in the valuation;

(*b*) a Summary and Valuation in the Form H annexed to this Part of this Schedule of the policies included at the valuation date in the class of business to which the abstract relates; and

(*c*) a Valuation Balance-Sheet in the Form I annexed to this Part of this Schedule; and
